## Polypropylene Ball Valves

Full Port Precision Molded Bolted Polypropylene Ball Valve

### GENERAL APPLICATIONS

Designed for easy flow. This valve is an economical alternative to brass valves. The Poly Ball Valves have excellent chemical resistance. They resist most acids, chemicals, and fertilizers.

### TEMPERATURE RANGE:

Maximum 180° F

### STANDARD SIZE

1" Through 4"

NUMBER	DESCRIPTION	
07-3529	2" F x F	

NUMBER	DESCRIPTION	
07-3539	2" F x M Cam	

## Polypropylene Cam & Groove Couplers

Designed for quick coupling and uncoupling of hose assemblies

### GENERAL APPLICATIONS

Designed for use with liquids. Easy connection; resistant to accidental disconnection. Poly cams will not mate with aluminum cams.

### STANDARD SIZES

1-1/2" thru 4"

NUMBER	DESCRIPTION	
07-1488-P	1-1/2" Type A Poly	
07-1489-P	2" Type A Poly	
07-1490-P	3" Type A Poly	
07-1491-P	4" Type A Poly
